Policy of Health Exams for Incoming Exchange Students to NTU

To meet the regulations of National Taiwan University and our government’s requirements, all new incoming exchange students should fulfill the requirement of NTU Health Exams according to the following methods:

1. They may have the exams done in their home country and upload the Health Form to our application documents uploading system with other required documents. The deadline for uploading the Health Form is on September 1st for the fall semester and February 1st for the spring semester.

2. Students can also choose to take the health exam in Taiwan and submit the Health Form personally on the registration day. The NTU Hospital provides health exam for students in NTU, for related information please see the Instructions of Health Exams at NTU Hospital (see attached).

3. If students need to apply for the Resident Visa in Taiwan, a health exam certificate issued within three months before the application of Resident Visa will be required. For students who want to have the health exam in Taiwan, the health exam should be taken by the hospital appointed by the Center for Disease Control, R.O.C. (see attached).

Please note that exchange students' failure to provide the NTU Health Exam Form to Office of International Affairs by the Registration Day will result in a failure to complete the registration procedure. They will not receive their NTU student ID cards until all the required documents are provided.
