- Friendships that will last a lifetime

Why Canada?

- Canada has been ranked by the United Nations as one of the best places in the world to live in terms of quality of life.
- The second-largest country in the world after Russia, Canada is renowned worldwide for its natural beauty and vast, untouched landscapes.
- Officially bilingual in English and French, Canada is a highly multicultural country that is home to a mosaic of cultures and peoples from all over the world.
- Canada is a peaceful, politically stable, and safe country.

Why Kingston?

- Kingston is a charming mid-sized city of some 120,000 people, combining many of the cultural, social, and artistic benefits of a larger city with the tranquility and intimacy of a small town.
- Kingston is strategically located within three hours by road or rail of Toronto, Montreal, and Ottawa, and is only half an hour from the US border.
- Kingston is scenically located in the beautiful Thousand Islands region of Eastern Ontario, where Lake Ontario empties into the majestic St Lawrence River.
- Kingston weather is mild and sunny during the Fall Term (September-December), snowy and sunny during the Winter Term (January-April).

Why Queen’s?

- Founded in 1841, Queen’s is one of Canada’s leading universities, a member of the prestigious G13 group of research-intensive Canadian universities, with an international reputation for the outstanding academic quality of its students and faculty.
- Queen’s provides a friendly and welcoming environment and is renowned for the enthusiasm of its school spirit.
- Queen’s is a residential campus par excellence: 90% of all Queen’s students come from out of town, and the great majority live less than a fifteen-minute walk away from the campus.
- Queen’s provides an international experience, its students coming from some 100 different countries.
- Queen’s encourages active student involvement at all levels, and there are some 200 student clubs catering to a very wide range of interests.
Why the Faculty of Arts and Science?

- Queen’s is one of just a few universities in Canada with a fully integrated Faculty of Arts and Science, allowing students to choose from a large selection of academic courses available in the creative arts, humanities, social sciences, and natural and physical sciences.
- The focus in all disciplines is on developing the whole person and preparing citizens for a global society.
- Rather than passively absorbing knowledge, students learn how to actively investigate and think for themselves, putting their new knowledge to work.
